Members of the Council and Citizens of Oakland,

As of today we have three confirmed positive cases of COVID-19 in our community. We have been lucky thus far as to have a low case count, but this can change at any time. This is a rapidly evolving situation and we should continue to be vigilant and continue to do what is in the best interest of the public. To date the city has done everything within our power to help keep our community safe.

With this situation continuing to be a threat to our community and the potential for rapid change, I am hereby extending the state of emergency in the City of Oakland. I will be governing by this proclamation in regard to this situation as I have been since April 1st. This action is being taken in accordance with chapter 15, subsection 15.02.2 of the City Code and the *Code of Iowa, Sec. 372.14[2]*. This state of emergency will continue for an additional 30 days. At that time the situation will be reevaluated and a determination will be made on further action.

Brant A. Miller
Mayor
City of Oakland
